

HaloFogger®

The HaloFogger delivers complete surface disinfection throughout a room at the touch of a button, delivering a precise amount of disinfectant based on room size, to treat every exposed surface. The HaloFogger can be deployed to easily treat the standard room sizes found in healthcare, long-term care and life sciences facilities, as well as in daycares, schools, athletic facilities and food handling sites.

HaloFogger® FLX

The HaloFogger FLX provides flexibility in positioning the nozzle while maintaining precision of disinfectant delivery. The base FLX unit can be located outside the room being treated while the detachable nozzle assembly operates inside the room. Using additional nozzle assemblies allows the FLX to be moved to treat multiple spaces quickly and affordably with a single base unit.

HaloFogger® EXT

The multi-purpose HaloFogger EXT provides the same flexible nozzle positioning capability as the FLX but with lower fluid output to treat a wide range of smaller spaces ranging from emergency vehicles to biosafety cabinets. Like the FLX, the nozzle assembly is detachable and additional assemblies can be purchased to facilitate faster treatment of multiple spaces.

Treatment Room Size	up to 9,500 ft ³ / 270m ³	up to 9,500 ft ³ / 270m ³	up to 2,500 ft ³ / 70m ³
Timer	10 - 60 minutes	10 - 60 minutes	1 - 30 minutes
Fluid Output	50 ml (1.7 oz) / minute	50 ml (1.7 oz) / minute	25 ml (0.85 oz) / minute
Hose Length	n/a	12 foot	5 foot

HaloFogger Specifications

Dimensions	Height	40 in / 101.5 cm
	Width	13.25 in / 33.5 cm
	Depth	18.5 in / 47 cm
Weight	50 lbs / 22.5 kg (without disinfectants)	
Reservoir	Max 2 gallons / 7.58 liter	

Power Requirements	North America	110Volt, Frequency 50 Hz, Power 350 Watt
	International	220Volt, Frequency 50/60 Hz, Power 350 Watt
Certification	MET UL 969, MET CE	
<i>All devices are manufactured in an FDA registered, GMP compliant facility</i>		

Target Dose Concentration	11ml/m ³
Average coverage per gallon of disinfectant	11,500 ft ³ / 325 m ³
Average coverage per liter of disinfectant	3,000 ft ³ / 86 m ³
