## HaloMist™ Statement of Efficacy Against SARS-CoV-2 / COVID-19

### Claims Against the Emerging Viral Pathogen SARS-CoV-2, Cause of COVID-19

**Halosil's HaloMist™ has demonstrated effectiveness on hard, non-porous surfaces against viruses similar to the virus SARS-CoV-2, that causes Coronavirus Disease 2019 (COVID-19). Therefore, HaloMist can be used against this novel virus, now called COVID-19, when used in accordance with the HaloMist directions for use against the small non-enveloped viruses Feline Calicivirus (surrogate for Norovirus) and Minute virus of Mice (MVM) on hard, non-porous surfaces. Refer to the CDC website at <https://www.cdc.gov/coronavirus/> for additional information.**

**SARS-CoV-2 is caused by Coronavirus. HaloMist kills *Clostridioides difficile*, a spore forming organism, on hard, non-porous surfaces. Spores are the most difficult form of microorganisms to kill according to the hierarchy of microorganisms and their resistance to disinfectants and therefore can be used against Coronavirus when used in accordance with directions for use against *Clostridioides difficile* on hard, non-porous surface. Refer to the CDC or OIE website <https://www.cdc.gov/coronavirus> for additional information.**

*Halosil International Inc., the registrant, may begin communicating these statement(s) upon notification on the CDC website [www.cdc.gov/outbreaks](http://www.cdc.gov/outbreaks) of an outbreak of an emerging small non-enveloped (or an emerging large non-enveloped and/or enveloped viral pathogen). The registrant shall cease and remove all such non-label communications intended for consumers no later than 24 months after the original notification of the outbreak on the CDC website, unless the agency provides guidance to the contrary due to continued public health concerns. The emerging pathogen claim language may remain on the HaloMist Master Label registered with the EPA.*

List N: Disinfectants for Use Against SARS-CoV-2 (COVID-19)

Date Accessed: 01/18/2021

EPA Registration Number	Active Ingredient(s)	Product Name	Company	Contact Time (in minutes)	Formulation Type	Surface Types	Use Sites	Why is this product on List N?	To kill SARS-CoV-2 (COVID-19), follow disinfection directions for the following pathogen(s)	Date Added to List N
84526-6	Hydrogen peroxide; Silver	Halomist	Halosil International Inc	Consult user manual	Ready-to-use; Fog; Refer to the HaloFogger User Manual	Hard Nonporous (HN)	Healthcare; Institutional	Kills a harder-to-kill pathogen than SARS-CoV-2 (COVID-19); Emerging viral pathogen claim	Feline calicivirus; Minute virus of mice	11/05/2020
